Subject: [EXT] LGTPF

Ms. Mallery Manzanares,

The County of Rio Arriba would look forward to any upcoming monies that would become available. And it would be better if we could submit for monies directly with the State then the RPO.
The acronym being close to the LGRF we thought we had already applied.

It is very difficult for us to get funding through the RPO, they didn't understand the process to apply and being that Eric Chahate was our RPO Rep. at the time, his departure caused confusion as well.

Thank you

Napoleon R. Garcia
