How walkable is your community?

Take a walk with a child and decide for yourselves.

Everyone benefits from walking. These benefits include: improved fitness, cleaner air, reduced risks of certain health problems, and a greater sense of community. But walking needs to be safe and easy. Take a walk with your child and use this checklist to decide if your neighborhood is a friendly place to walk. Take heart if you find problems, there are ways you can make things better.

Getting started:

First, you'll need to pick a place to walk, like the route to school, a friend's house or just somewhere fun to go.

The second step involves the checklist. Read over the checklist before you go, and as you walk, note the locations of things you would like to change. At the end of your walk, give each question a rating. Then add up the numbers to see how you rated your walk overall.

After you've rated your walk and identified any problem areas, the next step is to figure out what you can do to improve your community's score. You'll find both immediate answers and long-term solutions under "Improving Your Community's Score..." on the third page.
Take a walk and use this checklist to rate your neighborhood’s walkability.

### Needs grass, flowers, trees
- Scary dogs
- Scary people
- Not well lit
- Dirty, litter
- Lots of traffic

### What you and your child can do immediately
- Pick another route for now
- Tell local traffic engineering or public works department about specific problems and provide a copy of the checklist
- Trim your trees or bushes that block the street and ask your neighbors to do the same
- Leave nice notes on problem cars asking owners not to park there

### What you and your community can do with more time
- Speak up at board meetings
- Write or petition city for walkways and gather neighborhood signatures
- Make media aware of problem
- Work with a local transportation engineer to develop a plan for a safe walking route
- Push for crosswalks/signals/parking changes/curb ramps at city meetings
- Report to traffic engineer where parked cars are safety hazards
- Report illegally parked cars to the police
- Request that the public works department trim trees or plants
- Make media aware of problem

### Cross at crosswalks or where you could see and be seen
- Stop and look left, right, left before crossing
- Walk on sidewalks or shoulders facing traffic
- Cross with the light

### Educate yourself and your child about safe walking
- Organize parents in your neighborhood to walk children to school

### Encourage schools to teach walking safely
- Help schools start safe walking programs
- Encourage corporate support for flex schedules so parents can walk children to school

### Point out areas to avoid to your child; agree on safe routes
- Ask neighbors to keep dogs leashed or fenced
- Report scary dogs to the animal control department
- Report scary people to the police
- Report lighting needs to the police or appropriate public works department
- Take a walk with a trash bag
- Plant trees, flowers in your yard
- Select alternative route with less traffic

### Request increased police enforcement
- Start a crime watch program in your neighborhood
- Organize a community clean-up day
- Sponsor a neighborhood beautification or tree-planting day
- Begin an adopt-a-street program
- Initiate support to provide routes with less traffic to schools in your community (reduced traffic during am and pm school commute times)
