2. Overhead Rate Compliance and Contractual Eligibility for Engineering & Design Consultants

State Departments of Transportation are required to provide reasonable assurance that Architectural and Engineering Consulting Firms are in compliance with the Federal Cost Principles on Federal-Aid Highway Program (FAHP) funds. Eligibility for NMDOT Engineering & Design contracts is dependent upon the Contractors' compliance with this procedure. A list of eligible Contractors will be updated by the fifth day of each month and posted on the NMDOT public website (http://dot.state.nm.us/content/dam/nmdot/OIG/Engineering_Design_Eligible_Consultants.pdf).

10. Disclosure of Proposal Contents

- A. Proposals will be kept confidential until negotiations and the award are completed by the Agency. At that time, all proposals and documents pertaining to the proposals will be open to the public, except for material that is clearly marked proprietary or confidential. The Procurement Manager will not disclose or make public any pages of a proposal on which the potential Offeror has stamped or imprinted "proprietary" or "confidential" subject to the following requirements:
- B. Proprietary or confidential data shall be readily separable from the proposal in order to facilitate eventual public inspection of the non-confidential portion of the proposal.
- C. Confidential data is restricted to:

Unless the Offeror takes legal action to prevent the disclosure, the proposal will be so disclosed. The proposal shall be open to public inspection subject to any continuing prohibition on the disclosure of confidential data.

11. No Obligation

This RFP in no manner obligates the Agency or any of its Programs to the use of any Offeror's services until a valid written contract is awarded and approved by appropriate authorities.

12. Termination

This RFP may be canceled at any time and any and all proposals may be rejected in whole or in part when the Procurement Manager determines such action to be in the best interest of the Agency.

13. Sufficient Appropriation

Any contract awarded as a result of this RFP process may be terminated if sufficient appropriations or authorizations do not exist. Such termination will be effected by sending written notice to the Contractor. The Agency's decision as to whether sufficient appropriations and authorizations are available will be accepted by the Contractor as final.

14. Legal Review

NMDOT requires that all Offerors agree to be bound by the General Requirements contained in this RFP. Any Offeror concerns must be promptly brought to the attention of the Procurement Manager.

15. Governing Law

This RFP and any agreement with an Offeror which may result from this procurement shall be governed by the laws of the State of New Mexico.

16. Prohibited Bidding

Pursuant to Section 10-16-13 NMSA 1978 no state agency or political subdivision of the State shall accept a bid or proposal from a person who directly participated in the preparation of specifications, qualifications or evaluation criteria on which the specific competitive bid or proposal was based. A person accepting a bid or proposal on behalf of a state agency or political subdivision of this State shall exercise due diligence to ensure compliance with this section.

17. Consent to Jurisdiction and Venue

If a recipient of this RFP chooses to offer a proposal, the Offeror understands and agrees that by submitting such proposal to the Agency, they thereby consent to and agree to the exclusive jurisdiction of the Courts of the State of New Mexico for the resolution of any disputes arising under or resulting from the contract selection and/or approval process in response to this RFP, or any dispute arising under or resulting from the performance of any contract resulting from this RFP, which cannot be resolved informally. The Offeror, by submitting such proposal, waives any objection to the personal jurisdiction of the Courts of the State of New Mexico over the Offeror. By submitting such proposal, the Offeror agrees and consents that the Santa Fe County District Court shall have venue and jurisdiction over all matters arising or derived from this RFP.

18. Basis for Proposal

Only information supplied by NMDOT in writing through the Procurement Manager or in this RFP should be used as the basis for the preparation of Offeror proposals.

19. Contract Terms and Conditions

The Contract between NMDOT and the Contractor will follow the format specified by the Agency and contain the terms and conditions as set forth in “Appendix B” (Contract for Federal Funding). NMDOT reserves the right to negotiate with a successful Offeror provisions in addition to those contained in this RFP.

The Agency discourages exceptions from the contract terms and conditions as set forth in the RFP Sample Contract. Such exceptions may cause a proposal to be rejected as nonresponsive when, in the sole judgment of the Agency (and its evaluation team), the proposal appears to be conditioned on the exception, or correction of what is deemed to be a deficiency, or an unacceptable exception is proposed which would require a substantial proposal rewrite to correct.

Should an Offeror object to any of the Agency's terms and conditions, as contained in this Section or in "Appendix B", that Offeror must propose specific alternative language. The Agency may or may not accept the alternative language. General references to the Offeror's terms and conditions or attempts at complete substitutions are not acceptable to NMDOT and will result in disqualification of the Offeror's proposal.

The contents of this RFP, as revised and/or supplemented, and the successful Offeror's proposal will be incorporated into and become part of the Contract. In the event the Offeror's proposal conflicts with the RFP, the RFP governs, and, in the event the Agreement conflicts with the proposal, the Agreement governs.

Offerors must provide a brief discussion of the purpose and impact, if any, of each proposed change followed by the specific proposed alternate wording.

If an Offeror fails to propose any alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror), no proposed alternate terms and conditions will be considered later during the negotiation process. Failure to propose alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror) is an explicit agreement by the Offeror that the contractual terms and conditions contained herein are accepted by the Offeror.

20. Offeror's Terms and Conditions

Offerors must submit with the proposal a complete set of any additional terms and conditions which they expect to have included in a contract negotiated with NMDOT.

21. Contract Deviations

Any additional terms and conditions, which may be the subject of negotiation, will be discussed only between NMDOT and the selected Offeror and shall not be deemed an opportunity to amend the Offeror's proposal.

22. Contract Negotiations

Contract negotiations may be held in accordance with applicable provisions of 1.4.1.39 NMAC Procurement Code Regulations.

23. Offeror Qualifications

The Evaluation Committee may make such investigations as necessary to determine the ability of the Offeror to adhere to the requirements specified within this RFP. The Evaluation Committee will reject the proposal of any Offeror who is not a responsible Offeror or fails to submit a responsive offer as defined in Sections 13-1-83 and 13-1-85 NMSA 1978.

24. Right to Waive Minor Irregularities

Whenever an alteration in character of work results in a change in the nature of the design, thereby increasing or decreasing the cost of the performance, an amended Contract shall be executed authorizing the Contractor to perform work in accordance with the changed requirements and setting forth the amended fee and time for completion. The Contractor is not authorized to do any work beyond that work called for in Appendix A and in each project specific work assignment, without an executed agreement.

12. Suspension of Work. The Department may order the Contractor in writing to suspend all or part of the work for such period of time as it determines to be appropriate for its convenience. Such suspension order will be treated as a delay caused by the Department under Paragraph 6 above and entitles Contractor to receive a reasonable time extension.

13. Improper Exercise of Authority.
