

New Mexico DEPARTMENT OF
TRANSPORTATION

Michelle Lujan Grisham, Governor
Michael R. Sandoval, *Cabinet Secretary*

FOR IMMEDIATE RELEASE

Feb. 16, 2021

Public invited to comment on future projects
State Transportation Improvement Program (STIP)

SANTA FE – The Statewide Transportation Improvement Program (STIP) is required under federal legislation and contains projects located on federal and state highways (roads with I, U.S., or N.M. designations). The STIP is a collaborative state, local, regional, and tribal transportation planning effort, developed by The New Mexico Department of Transportation (NMDOT). Projects included in the STIP are funded with a combination of federal, state and or local funds.

The department strives to keep the public informed and cares about their opinions. The STIP is amended quarterly and always open for viewing on the NMDOT website. The public is welcome to review the list of proposed projects and post comments.

The sixth amendment to the 2020-2025 STIP is posted at <https://estip.dot.state.nm.us>. It is open for public comment until Tuesday, March 16, 2021. The NMDOT STIP personnel will take comments via the eSTIP amendment tab.
