

Public Meeting for the South I-25 Corridor Study

NMDOT Project & Control Number: A301100

Federal Highway
Administration

Date & Time: Thursday, August 25, 6:00 PM

Location: Herman Sanchez Community Center, 1830 Williams St SE 87102

The New Mexico Department of Transportation (NMDOT) in cooperation with the Federal Highway Administration (FHWA) is conducting an engineering study for the South I-25 Corridor from the NM 47/Broadway Interchange to the I-40/I-25 Interchange.

Project Purpose:

The objective of the study is to identify transportation needs in the corridor and to develop a priority plan that will enable the NMDOT to program funds for both near and long term projects.

Meeting Purpose:

The team will present an update on the status of the study, the findings of the detailed analysis, and the team is seeking comments from the public as part of the evaluation of the alternatives prior to deciding on a preferred improvement alternative for the corridor.

Project displays, information, and project representatives will be available at 6:00 PM. A presentation will be given at 6:30 PM, and then a public comment period will follow.

If you have questions and/or you are unable to attend the public meeting, please contact:
