Collapsed Bridge on N.M. 456

CLAYTON – The New Mexico Department of Transportation District Four has completed the placement of a temporary detour on N.M. 456 at mile marker 42. This detour will serve the traveling public as a temporary passing while construction crews complete the construction of a new bridge structure over the waterway. This temporary detour structure has a width restriction of 16ft. The work is weather dependent and may be suspended due to inclement weather. The public's patience while operations are in progress is appreciated. Again, temporary traffic control measures are in place.
