REQUEST FOR PUBLIC INPUT
US 60 Mountainair Alignment Study (Milepost 203.6 to 205)
Control Number 5101350

In the interest of maintaining social distancing, the New Mexico Department of Transportation and Federal Highway Administration are hosting a Virtual Public Meeting to summarize the study findings, present the recommended alternatives, and obtain your valuable input. The study area extends from milepost 203.6, just south and west of Hanlon Avenue, to milepost 205, just north and east of Acoma Street within the Village of Mountainair in Torrance County, New Mexico.

HOW TO PARTICIPATE:
To learn about the recommended alternatives and supporting documentation, we ask that you Visit www.US60Mountainair.com, Watch the narrated presentation, and Explore the StoryMap on the website.

The project website contains interactive maps that allow the viewer to see specific locations and alternatives in more detail, explains the study process, presents public involvement resources, and contains a comment form. If you do not have access to the internet, please use the contact information below and a member of the project team will provide resources to help you participate. Additional information is also available on the NMDOT Projects Page at https://dot.state.nm.us/nmdotprojects.

HOW TO PROVIDE INPUT:
To provide comments, please either submit comments on the project website, by email, or by mail. The public comment period runs from June 19, 2020 to July 9, 2020. We value your input and would like to hear from you no later than July 9, 2020.
