In order to increase mobility options for the general public, the New Mexico Department of Transportation provides Park & Ride intercity and shuttle transit service during weekday morning and evening peak time periods.

With 111 bus departures daily on eight fixed routes and three shuttle routes and 232,830 passenger trips provided in State Fiscal Year 2019, NMDOT Park & Ride is the State’s fifth largest bus transit system. Total FY 2019 ridership was 3.0% less than FY 2018 ridership. This decrease in ridership can be attributed to an extended period of significantly lower fuel prices as compared to previous years. NMDOT Park & Ride has served over 4 million passengers without any major safety incidents.
