Attached are the Average Unit Bid ("AUB") Price Listings (English and Metric) for the period of January 2003 thru December 2003. These runs constitute the statewide AUB pricing for all projects awarded. The items with their respective quantities and pricing for the metric projects have been converted to English equivalents and are included in the AUB Price Listing (English). The same application is included in the AUB Price Listing (Metric).

**The Project Development Engineer ("PDE") is to utilize this information only as a guide for pricing items.** The PDE shall price items based on project location, quantity, difficulty in performing the work and any historical information deemed necessary to reflect the market price of bid items. The attached listings are considered to be some of the historical information which can be utilized.

As a reminder, the Design Directives reside in the PSESHARE drive. General Office staff will utilize the \\asgopinon\pseshare drive to access the Directive. District staff can access the Directive utilizing the appropriate District drive as indicated below:
