Neither the order, nor any interest therein, nor any claim thereunder, shall be assigned or transferred by the Vendor, except as set forth in Subparagraph 3b or as expressly authorized in writing by the State Purchasing Agent or his/her designee. No such assignment or transfer shall relieve the Vendor from the obligations and liabilities under this order.

7. **Inspection of Plant:** The State Purchasing Agent or his/her designee may inspect, at any reasonable time, the part of the Contractor's, or any subcontractor's plant or place of business, which is related to the performance of this contract.
8. **Commercial Warranty:** The Vendor agrees that the supplies or services furnished under this order shall be covered by the most favorable commercial warranties the Vendor gives for such to any customer for such supplies or services. 10. **Packing, Shipping and Invoicing:**
 - a. The State's purchasing document number and the Vendor's name, user's name and location shall be shown on each packing and delivery ticket, package, bill of lading and other correspondence in connection with the shipments. The Vendor shall not be liable for any excess costs if failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Vendor, such causes include but are not restricted to, acts of God or the public enemy, acts of the State or Federal Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of

Specifications:

The purpose of this Invitation to Bid (ITB) is to establish a Price Agreement for the Sale of Scrap Metal (both non-aluminum and aluminum items) for the New Mexico Department of Transportation (NMDOT), District Two (2) Office in Roswell, NM.

F.O.B. pick-up location will be at the NMDOT District Two (2) salvage yard located at 4505 W. Second Street, Roswell, NM, 88201.

Term:

The term of this price agreement shall be for one (1) year from date of award with the option to extend for a period of three (3) additional years, on a year-to-year basis, by mutual agreement of all parties and approval of the New Mexico State Purchasing Agent at the same price, terms and conditions. This price agreement shall not exceed four (4) years.

Escalation Clause:

In the event of a product cost increase, an escalation request will be reviewed by this office on an individual basis. Please be aware this measure is not intended to allow any increase in profit margin, only to compensate for an actual cost increase. Price decreases as well as increases shall apply. If vendor's prices are reduced for any reason, users shall receive the benefit of such reductions. Price increases will not be retroactive to orders already in house or backorders. Orders will be filled at the price in effect on the date of receipt of the order by the vendor.

Scope:

Successful Contractor(s) will be required to remove all scrap metal as designated by the District Engineer or designee. In the event the successful Contractor fails to remove all scrap metals within forty-five (45) days after notification by the NMDOT District Two (2), the price agreement will be cancelled and awarded to the next responsive Contractor.

The scrap metal will be live loaded into the Contractor's truck at time of pick-up.

Contractor(s) must be licensed, bonded and registered with a minimum of two (2) years' experience in the recycling/salvage/scrap metal business. All documents must be presented to NMDOT as requested.

A performance bond in the amount of \$5,000.00 will be submitted to the NMDOT by the Contractor prior to removal of any scrap metals from the District. The performance bond will serve as a guarantee for removal of all scrap metal from the District scrap piles and payment to the NMDOT for scrap metals, which are picked up by awarded Contractor. Cost of the performance bond will be provided by the awarded Contractor at no additional cost to the NMDOT.

Awarded Contractor is required to provide payment and weigh tickets to the District for all salvage material picked up within fifteen (15) business days of removal of scrap. In extenuating circumstances, the District Engineer or designee reserves the right to allow Contractor to remove scrap metals and provide payment within a maximum of thirty (30) days. Contractor will not be allowed to pick-up scrap metals if in default status of payment to the District.

The NMDOT reserves the right to segregate metals for sale to other State Agencies, municipalities and non-profit organizations.

This price agreement is for "scrap" (non-usable) metals. The NMDOT reserves the right to decide which are considered "scrap" metals and which are not.

Interested bidders should contact the NMDOT Purchasing Dept. (575) 500-2507 for arrangements to inspect scrap metal should anyone wish to exercise this option. Inspection will be concluded within fifteen (15) days of bid opening.

Prior approval must be obtained from the District Engineer or designee for any delay(s) in removal of metals. Metals not removed within the specified time will be just cause to cancel award to said Contractor(s).

Awarded Contractor is required to remit payment to District Two within fifteen (15) days after pick-up of scrap metal.

Awarded Contractor(s) will be allowed to leave equipment on site, however, the New Mexico Department of Transportation assumes absolutely no responsibility or liability for damaged, stolen or missing items or equipment.
