fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the State shall determine that the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery scheduled. 19. **Contractor Personnel:** Personnel proposed in the Contractor's written bid to the Procuring Agency are considered material to any work performed under this Price Agreement. Once a Purchase Order or contract has been executed, no changes of personnel will be made by the Contractor without prior written consent of the Procuring Agency. 20. **Subcontracting:** The Contractor shall not subcontract any portion of the Price Agreement without the prior written approval of the Procuring Agency. Specifications:

Establish a Price Agreement for the sale of scrap metal (both non-aluminum and aluminum items) at various locations throughout the New Mexico Department of Transportation (NMDOT) District Six (6), which includes the following counties: Cibola; Catron; McKinley; and Sandoval.

The State Purchasing Agent is issuing an Agency Price Agreement. Under the terms and conditions of this Price Agreement all State of New Mexico Agencies, Commissions, Institutions, Political Sub-divisions and Local Bodies allowed by law may issue orders for items and/or services described herein. The terms and conditions of this Price Agreement shall form a part of each other issued hereunder.

In the event of a cost increase an escalation request will be reviewed by this office on an individual basis. Please be aware this measure is not intended to allow any increase in profit margin, only to compensate for an actual cost increase. Price decreases as well as increases shall apply. If vendor's prices are reduced for any reason, users shall receive the benefit of such reductions. Price increases will not be retroactive to orders already in house or backorders. Orders will be filled at the price in effect on the date of receipt of the order by the vendor.

Term:

The term of this Price Agreement shall be for one (1) year from date of award with the option to extend for a period of three (3) additional years, on a year-to-year basis, by mutual agreement of all parties and approval of the New Mexico State Purchasing Agent at the same price, terms and conditions. This Price Agreement shall not exceed four (4) years.

Scope:

Successful bidder will be required to remove all scrap metal as designated by the District Engineer or his designee. In the event the successful bidder fails to remove all scrap materials within forty-five (45) days after notification by the NM Department of Transportation, the District Six (6) office will cancel this Price Agreement and re-award to the next responsive bidder for that location.

Bids will only be accepted from a licensed, bonded and registered vendor(s) with a minimum of two (2) years' experience in the recycling/salvage/scrap metal business.

A performance bond in the amount of five thousand (\$5,000.00) will be submitted to the user-agency by the awarded vendor(s) prior to removal of any metals from the district. The performance bond will serve as a guarantee of removal of all scrap metal from District scrap piles and guarantee payment to user agency for scrap metal, which are picked up by the awarded vendor(s). The cost of the performance bond shall be obtained by the awarded vendor(s).

Vendor is required to provide payment to the NMDOT/District Six (6) Procurement Office for salvage material picked up within ten (10) business days of removal of scrap. In extenuating circumstances, the District Engineer or his designee reserves the right to allow awarded vendor(s) to remove scrap and provide payment within a minimum of thirty (30) days. Awarded vendor(s) will not be allowed to pick up scrap metals if in default status of payment to the District.

The Department reserves the right to segregate metals for sale to other State Agencies, Municipalities and Non-profit Organizations. This Price Agreement is for scrap (non-usable) metals. The Department reserves the right to decide which are considered "scrap" metals and which are not.

By bidding this Price Agreement, the successful vendor(s) hereby agree(s) to be bound by all terms and conditions of this Price Agreement. Vendor(s) will not be allowed to pick and/or choose the metals to be salvaged. Vendor will be required to remove all metals, which may include passenger vehicles, pickup trucks, heavy duty trucks, bus bodies and off-road metals from all designated salvage areas within the specified times as indicated in the previous paragraph of this Price Agreement. Prior approval must be obtained from the District Highway Engineer or his/her designee for any delay(s) in removal of metals. Metals not removed within the specified time will be just cause to cancel award to said vendor(s) for that location and any other locations awarded to said vendor(s).

Method of Award:

Award of this Price Agreement will be made to the bidder offering the highest price per ton for scrap metal. Determination of whether quantity is sufficient for pick up will be made by the District Engineer or his/her designee. Arrangements may be made to pick up metals on a set schedule (quarterly, semi-annually, yearly) during the life of this Price Agreement.

The NMDOT, District Six (6) Office does not guarantee any salvage material quantities.

This insurance shall be provided by insurance companies authorized to do business in New Mexico and shall cover all operations under the Contract, whether performed by the Contractor, the Contractor's agents or employees or by Sub-Contractors.
