
**INDUSTRY WORKSHOP
REQUEST FOR QUALIFICATIONS
for DESIGN-BUILD CONTRACT SERVICES**

**NM 31-128 Design-Build Project
NMDOT Project: CN 2104330**

NMDOT - District 2

The New Mexico Department of Transportation – District 2 – will be holding a virtual workshop on Thursday, July 22, 2021 from 10 a.m. to noon (Mountain Time) to update industry on the Design-Build (DB) procurement of the NM 31-128 Project and seek feedback on a draft Request for Qualifications (RFQ). The workshop is planned to be held via Microsoft Teams.

A draft RFQ is expected to be sent out at least one week in advance of the workshop and is expected to include the ability for industry to request optional one-on-one meetings with NMDOT project staff to provide feedback. When the draft RFQ is released, comments can be provided during the one-on-one meetings, the industry workshop or by sending them directly to the NMDOT contact in the draft RFQ.

Firms interested in participating in the industry workshop are encouraged to send an email **prior to 5:00 PM MDT on Tuesday, July 20, 2021 to:**

Margo Gomez
Procurement Specialist
NMDOT
NMDOT.DesignBuild-C@state.nm.us

In response, a virtual meeting appointment and link for the workshop will be provided.

Attendance at the industry workshop is not a prerequisite for participating in the Design-Build procurement process, however, interested firms and parties are encouraged to attend, including subcontractors and consultants.

Further details regarding the NM 31-128 project, including the NMDOT Program Approach to Consultant Conflict Management can be found at the following NMDOT website:
