2. Overhead Rate Compliance and Contractual Eligibility for Engineering & Design Consultants

State Departments of Transportation are required to provide reasonable assurance that Architectural and Engineering Consulting Firms are in compliance with the Federal Cost Principles on Federal-Aid Highway Program (FAHP) funds. The proposal shall be open to public inspection subject to any continuing prohibition on the disclosure of confidential data.

11. No Obligation

This RFP in no manner obligates the Agency or any of its Programs to the use of any Offeror's services until a valid written contract is awarded and approved by appropriate authorities.

This RFP may be canceled at any time and any and all proposals may be rejected in whole or in part when the Procurement Manager determines such action to be in the best interest of the Agency.

13. Sufficient Appropriation

Any contract awarded as a result of this RFP process may be terminated if sufficient appropriations or authorizations do not exist. Such termination will be effected by sending written notice to the Contractor. The Agency's decision as to whether sufficient appropriations and authorizations are available will be accepted by the Contractor as final.

14. Legal Review

NMDOT requires that all Offerors agree to be bound by the General Requirements contained in this RFP. Any Offeror concerns must be promptly brought to the attention of the Procurement Manager.

15. Governing Law

This RFP and any agreement with an Offeror which may result from this procurement shall be governed by the laws of the State of New Mexico.

16. Prohibited Bidding

Pursuant to Section 10-16-13 NMSA 1978 no state agency or political subdivision of the State shall accept a bid or proposal from a person who directly participated in the preparation of specifications, qualifications or evaluation criteria on which the specific competitive bid or proposal was based. A person accepting a bid or proposal on behalf of a state agency or political subdivision of this State shall exercise due diligence to ensure compliance with this section.

If a recipient of this RFP chooses to offer a proposal, the Offeror understands and agrees that by submitting such proposal to the Agency, they thereby consent to and agree to the exclusive jurisdiction of the Courts of the State of New Mexico for the resolution of any disputes arising under or resulting from the contract selection and/or approval process in response to this RFP, or any dispute arising under or resulting from the performance of any contract resulting from this RFP, which cannot be resolved informally. The Offeror, by submitting such proposal, waives any objection to the personal jurisdiction of the Courts of the State of New Mexico over the Offeror. 18. Basis for Proposal

Only information supplied by NMDOT in writing through the Procurement Manager or in this RFP should be used as the basis for the preparation of Offeror proposals.

19. Contract Terms and Conditions

The Contract between NMDOT and the Contractor will follow the format specified by the Agency and contain the terms and conditions as set forth in “Appendix B” (Contract for Federal Funding/State Funding). NMDOT reserves the right to negotiate with a successful Offeror provisions in addition to those contained in this RFP.

The Agency discourages exceptions from the contract terms and conditions as set forth in the RFP Sample Contract. Such exceptions may cause a proposal to be rejected as nonresponsive when, in the sole judgment of the Agency (and its evaluation team), the proposal appears to be conditioned on the exception, or correction of what is deemed to be a deficiency, or an unacceptable exception is proposed which would require a substantial proposal rewrite to correct.

Should an Offeror object to any of the Agency's terms and conditions, as contained in this Section or in “Appendix B”, that Offeror must propose specific alternative language. The

Agency may or may not accept the alternative language. General references to the Offeror's terms and conditions or attempts at complete substitutions are not acceptable to NMDOT and will result in disqualification of the Offeror's proposal.

The contents of this RFP, as revised and/or supplemented, and the successful Offeror's proposal will be incorporated into and become part of the Contract. In the event the Offeror's proposal conflicts with the RFP, the RFP governs, and, in the event the Agreement conflicts with the proposal, the Agreement governs.

Offerors must provide a brief discussion of the purpose and impact, if any, of each proposed change followed by the specific proposed alternate wording.

If an Offeror fails to propose any alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror), no proposed alternate terms and conditions will be considered later during the negotiation process. Failure to propose alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror) is an explicit agreement by the Offeror that the contractual terms and conditions contained herein are accepted by the Offeror.

20. Offeror's Terms and Conditions

Offerors must submit with the proposal a complete set of any additional terms and conditions which they expect to have included in a contract negotiated with NMDOT.

21. Contract Deviations

Any additional terms and conditions, which may be the subject of negotiation, will be discussed only between NMDOT and the selected Offeror and shall not be deemed an opportunity to amend the Offeror's proposal.

22. Contract Negotiations

Contract negotiations may be held in accordance with applicable provisions of 1.4.1.39 NMAC Procurement Code Regulations.

23. Offeror Qualifications

The Evaluation Committee may make such investigations as necessary to determine the ability of the Offeror to adhere to the requirements specified within this RFP. The Evaluation Committee will reject the proposal of any Offeror who is not a responsible Offeror or fails to submit a responsive offer as defined in Sections 13-1-83 and 13-1-85 NMSA 1978.

24. Right to Waive Minor Irregularities

The Evaluation Committee reserves the right to waive minor irregularities. The Evaluation Committee also reserves the right to waive mandatory requirements provided that all of the otherwise responsive proposals failed to meet the same mandatory requirements and the

failure to do so does not otherwise materially affect the procurement. This right is at the sole discretion of the Evaluation Committee.

25. Change in Contractor Representatives

The NMDOT reserves the right to require a change in contractor representatives if the assigned representative(s) is (are) not, in the opinion of the NMDOT, adequately meeting the needs of the Agency.

26. Notice of Penalties

The Procurement Code, NMSA 1978, § 13-1-28 through 13-1-199, imposes civil, misdemeanor and felony criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

27. Agency Rights

5. The Department agrees to pay the Contractor as complete compensation for all services and deliverables assigned to the Contractor pursuant to this Contract amount negotiated for all tasks assigned plus gross receipts effective at the time of billing. Total compensation which may be paid pursuant to this Contract is \$ _____ plus gross receipts effective at the time of billing. This total amount may be reduced by assessment of liquidated damages pursuant to Article 1, Paragraph 4, if applicable. The Department will not compensate the Contractor for services or other deliverables provided prior to the full execution of the Contract, after the expiration of the Contract, or in excess of the Contract value, unless the Contract dollar amount is duly amended prior to providing the services or deliverables.
6. Partial payments may be made monthly as the work progresses upon application therefore accompanied by a certified statement of work accomplished in accordance with Article I, Paragraph 9.
7. Final payment including any retainage will be made within thirty (30) days after the work has been approved and accepted by the Department. Five percent (5%) of the total contract amount will be set aside as security for full performance under the terms of this agreement. The Department will pay for the work performed until payments made equal 95% of the total contract amount. The remaining 5% Retainage will be paid upon project completion and acceptance less any assessment for liquidated damages and work correction costs as provided in Article I, Paragraphs 4 and 5 respectively.
8. Subject to the provisions of Article II, Paragraphs 5 and 6, within fifteen (15) days after the date the Department receives written notice from the Contractor that payment is requested for services or items of tangible personal property delivered on site and received, the Department shall issue a written certification of complete or partial acceptance or rejection of the services or items of tangible personal property. If the Department finds that the services or items of tangible personal property are not acceptable, it shall, within thirty (30) days after the date of receipt of written notice from the Contractor that payment is requested, provide to the

Contractor a letter of exception explaining the defect or objection to the services or delivered tangible personal property along with details of how the Contractor may proceed to provide remedial action. Upon certification by the Department that the services or items of tangible personal property have been received and accepted, payment shall be tendered to the Contractor within thirty (30) days after the date of certification. If payment is made by mail, the payment shall be deemed tendered on the date it is postmarked. After the thirtieth (30th) day from the date that written certification of acceptance is issued, late payment charges shall be paid on the unpaid balance due on the Contract to the Contractor at the rate of one and one-half (1½) percent per month.

ARTICLE III

If federal funds are to be used for professional services, the duly authorized representatives of the Department, the Federal Highway Administration, and the Comptroller General of the United States, shall have access to any books, documents, papers, and records of the Contractor which are directly pertinent to the Contract, for the purpose of making an audit, examination, excerpts, and transcriptions. Conferences shall be held when necessary at the request of either party to this Contract. The Contractor agrees that the cost of these conferences is a part of the above fee. If federal funds are to be used for professional services, reimbursement will be limited to costs which are allowable under Federal Cost Principles contained in 48 CFR, Chapter 1, Part 31, of Federal Acquisition Regulation (FAR 31).
5. Ownership of Work Products. All documents and materials including, but not limited to, tracings, drawings, estimates, field notes, investigations, design analysis, structural calculations and studies, which are prepared in the performance of this Contract are to be and remain the property of the Department and are to be delivered to the Department not later than the termination date of this Contract, before the final payment is made to the Contractor. The Contractor is liable for replacement, if these materials are destroyed or lost prior to transferring possession to the Department. Nothing produced in whole or in part by the Contractor under this Contract shall be the subject of an application for copyright by or on behalf of the Contractor. This Paragraph shall be included in all sub-contracts.
6. Delays. The parties both agree to perform their obligations hereunder with due diligence and to cooperate with one another in a timely and good-faith manner in order that the work covered hereby may be completed within the time frame(s) provided by Appendix A and as agreed to in each project specific work assignment, and in each "Notice to Proceed" or as otherwise provided for in this agreement.
 - a. In the event of delays under this Contract caused by the Department, the Contractor is entitled to receive a reasonable extension of time as provided in Article I, Paragraph 4, but in no event will the Contractor terminate work under this Contract for delays caused by the Department.
 - b. If a delay is attributable to the Contractor's fault or to matters within their control, extensions will not be granted. The Contractor may be subject to possible assessment of liquidated damages.
7. Notice to Proceed. The Department is not liable and will not pay the Contractor

for any work performed before Notice to Proceed is received by the Contractor from the Department. After execution of this Contract, and after a letter of authorization from the Department to proceed, the Contractor shall then proceed immediately with the scope of services delineated in Appendix A and each project specific work assignment.

8. Assignment. The Contractor shall not assign, sublet, subcontract, or transfer any interest, right or obligation in this Contract without the written consent of the Department.
9. Changes in Scope of Work. Additions to or deletions from Appendix A provided herein may be made, and the compensation to be paid to the Contractor and the time for completion may be adjusted accordingly by mutual agreement of the contracting parties. Whenever an alteration in character of work results in a change in the nature of the design, thereby increasing or decreasing the cost of the performance, an amended Contract shall be executed authorizing the Contractor to perform work in accordance with the changed requirements and setting forth the amended fee and time for completion. The Contractor is not authorized to do any work beyond that work called for in Appendix A and in each project specific work assignment, without an executed agreement.
10. Termination for Default. The Department and the Contractor hereby agree to the full performance of the covenants herein. If the Contractor, for any cause, fails to carry on the work in an acceptable manner including failure to perform in accordance with the time schedule in each project specific work assignment, the Department will give notice in writing of such neglect or default, the corrective measures to be taken and delineate a reasonable period of time within which to take such measures. Contractor's failure to comply with such notice and to rectify the delay or default as therein provided shall subject this Contract to immediate termination by the Department. The Department may terminate the Contract for cause by delivery to the Contractor of a Notice of Termination. In the event of termination for default the Department shall compensate the Contractor for work on the project which has been previously delivered and received before the date of termination and which work has been approved and accepted by the Department, less liquidated damages. The Department shall be entitled to recover all direct, indirect, and consequential costs for completion of all unfinished scope of work as delineated in Appendix A whether through its own employees or by contract.

11. Termination for the Convenience of the Department. The Department may also terminate performance of work under this Contract in whole or in part for its own convenience in the absence of any default by the Contractor. A termination for the convenience of the Department shall be effected by delivery to the Contractor of Notice of Termination specifying the extent to which performance of work under the Contract is terminated and the date upon which termination becomes effective. Within ten (10) days of the effective date of termination, the Contractor shall deliver to the Department all design plans, construction estimates, drawings, documents, survey books and any or all other materials developed under this Contract. Should this Contract be terminated for the convenience of the Department, the Contractor shall receive the following as full compensation hereunder:
 - a. Actual direct and indirect costs, expenses, and salary expenses which are incurred prior to the effective date of termination;
 - b. Gross receipts tax owed or incurred at the time of Contract termination; and
 - c. All expenses incurred by Contractor in computing the costs, sums, and expenses set forth in Paragraphs "a" and "b" above.
12. Suspension of Work. The Department may order the Contractor in writing to suspend all or part of the work for such period of time as it determines to be appropriate for its convenience. Such suspension order will be treated as a delay caused by the Department under Paragraph 6 above and entitles Contractor to receive a reasonable time extension.
